# TuffScreen®

BY PHIFER

Stronger than traditional insect screening, TuffScreen® is a durable, vinyl-coated polyester that resists tears, punctures and damage from pets and high traffic areas. With width options up to 132", it is the perfect choice for screen enclosures, especially those that incorporate the expanded view opening.

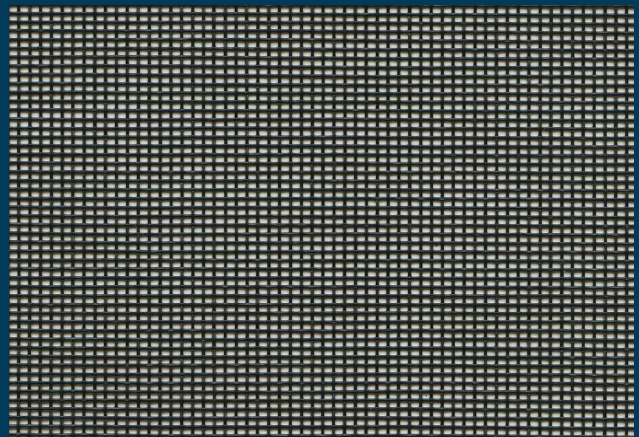

Black

# TuffScreen® No-See-Um

BY PHIFER

TuffScreen® No-See-Um is the perfect choice for screen enclosures that incorporate the expanded view opening and require protection from small insects. TuffScreen No-See-Um is available in widths up to 120" and 132".

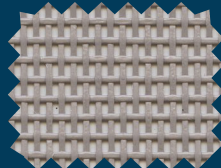

Black

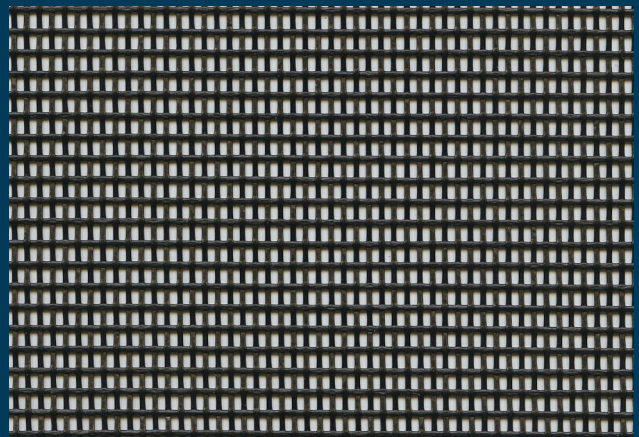

# PetScreen®

BY PHIFER

PetScreen®, vinyl-coated polyester is pet-resistant insect screening that is tear and puncture-resistant to minimize damage by dogs and cats. PetScreen provides good outward visibility and is not harmful to pets.

Black

Phifer heavy-duty screen is durable, vinyl-coated polyester insect screening, ideal for use in high-traffic areas. TuffScreen is stronger than traditional insect screening, and is an excellent choice for patios, porch enclosures, retractable systems, windows and doors. TuffScreen No-See-Um is a tightly woven screen designed to stop small insects, and is suitable for retractable systems, and ideal for use in patios, porches, pool enclosures, windows and doors. PetScreen is tear and puncture-resistant to minimize damage by dogs and cats and is excellent for use in patios, porch enclosures, windows and doors.

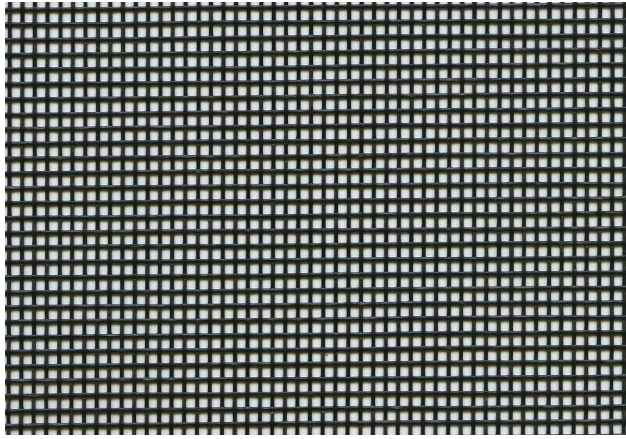

Microban® antimicrobial protection inhibits the growth of stain-causing bacteria, mold and mildew on the screen.
